
REQUEST FOR APPLICATIONS NUMBER: PAR-16-361

PURPOSE:
- The over-arching goals of this program are to:
  - (1) complement and/or enhance the training of a workforce to meet the nation’s biomedical, behavioral and clinical research needs;
  - (2) enhance the diversity of the biomedical, behavioral and clinical research workforce;
  - (3) help recruit individuals with specific specialty or disciplinary backgrounds to research careers in biomedical, behavioral and clinical sciences; and
  - (4) foster a better understanding of biomedical, behavioral and clinical research and its implications.
- To support creative educational activities with a primary focus on research experiences and courses for skills development

ELIGIBILITY:
- Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with his/her organization to develop an application for support. Individuals from underrepresented racial and ethnic groups as well as individuals with disabilities are always encouraged to apply for NIH support.
- The PD/PI should be a full-time faculty member with strong records in research, training, and teaching, and capable of providing both administrative and scientific leadership to the development and implementation of the proposed program. The PD/PI will be expected to monitor and assess the program and submit all documents and reports as required.

BUDGET AND PROJECT PERIOD:
- Award Budget:
  - There are no specific budget limitations; however, the requested direct costs must be reasonable, well documented, fully justified and commensurate with the scope of the proposed program
  - UCSF indirect cost policy will apply except for non-federal entities.
- Project Period:
  - The scope of the proposed project should determine the project period
  - The maximum period is 5 years
