UCSF May Submit 1 Application

Internal Deadline: 11:59 PM, Monday, July 31, 2023

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

WHAT: Greenwall Faculty Scholars Program in Bioethics (https://greenwall.org/faculty-scholars-program/scholars-rfp-2023-2024)

PURPOSE:
• To enable junior faculty members to carry out innovative bioethics research.
• To support research that goes beyond current work in bioethics to help resolve pressing ethical issues in clinical, biomedical, and public health decision-making, policy, and practice, and to create a community that enhances future bioethics research.
• Priority will be given to applicants whose research addresses innovative ideas and/or emerging topics. Lower priority will be given to applicants who are primarily carrying out educational reform or theoretical work with limited applicability to practice, research, or health care delivery.

ELIGIBILITY:
• Applicants must be junior faculty members.
• Applicants must hold a faculty appointment that allows at least 50 percent of their effort to perform research (often this is a faculty position with at least a 60 percent appointment in a tenure-track position or its equivalent).
• Priority will be given to applicants who have not yet been considered for tenure or an equivalent promotion; whose research will have an impact on clinical, biomedical, and public health decision-making, policy, and practice; and who will make important contributions to the field of bioethics over their careers.
• Faculty Scholars will be selected on the basis of their achievements, the strength of their research project, their commitment to the field of bioethics, and support from their home institution, including after the end of this award. While the amount and quality of an applicant's research in bioethics will count favorably towards his/her application, outstanding candidates with less direct experience in bioethics will also be considered when their proposed work aims to advance the bioethics field.
• The Greenwall Foundation particularly welcomes applicants from backgrounds that are under-represented in bioethics and academia.

BUDGET AND PROJECT PERIOD:
• The award supports 50 percent of a Scholar’s salary plus benefits for three years, up to the NIH salary cap, with 10 percent institutional costs for the salary and benefits.
• In addition, the Foundation provides $5,000 each year for limited project support and travel (no indirect costs are provided for these items).

NUMBER OF APPLICATIONS UCSF MAY SUBMIT: 1

DUE DATES:
Submit the following in ONE PDF file by 11:59 PM, July 31st, to: limitedsubmissions@ucsf.edu

1. Limited Submission Pre-proposal Cover Sheet with signatures (form attached to email)
2. Project Summary:
   a. three-page, single-spaced with one-inch margins and font size no smaller than 12 point, that includes:
      i. A description of the research proposal, particularly its significance
      ii. How the research will be carried out and how it is likely to have an impact on clinical, biomedical, and public health decision-making, policy, and practice
      iii. A personal statement describing the applicant's goals in the field of bioethics

To qualify for UCSF Limited Submission Program opportunities, applicants must have a paid UCSF appointment either at the time of application or anticipated by the time of award.

The LSP is a selection process, not an award process. As the LSP is under significant time constraints, all reviewer feedback is optional. We encourage you to seek other avenues for proposal feedback.

For information on all current LSOs, please visit: http://rdo.ucsf.edu/limited-submission-program-lsp.

Sent by Connie D’Aura on behalf of the Research Development Office (RDO), Limited Submissions Program (LSP).
