

UCSF May Submit 1 Application

Internal Deadline: NOON, Friday, January 26, 2024

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

WHAT: Behavioral Health Integration (BHI) Evidence Based Telehealth Network Program (EB-TNP)
<https://www.grants.gov/search-results-detail/349061>

REQUEST FOR APPLICATIONS NUMBER: HRSA-24-010

PURPOSE:

- To integrate behavioral health services into primary care settings using telehealth technology through telehealth networks and evaluate the effectiveness of such integration.
- The goal for the BHI/EB-TNP Program is to support evidence-based projects that utilize telehealth technologies through telehealth networks in rural and underserved areas¹ (i.e., rural areas that are also frontier communities, medically underserved areas, or have medically underserved populations), to:
 - (1) improve access to integrated behavioral health services in primary care settings; and
 - (2) expand and improve the quality of health information available to health care providers by evaluating the effectiveness of integrating telebehavioral health services into primary care settings and establishing an evidence-based model that can assist health care providers.
- Applicants are encouraged to propose novel ways to achieve equity in access to affordable, high-quality, culturally and linguistically appropriate telebehavioral care for rural and underserved patients across the U.S.

ELIGIBILITY:

- Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with his/her organization to develop an application for support. Individuals from underrepresented racial and ethnic groups as well as individuals with disabilities are always encouraged to apply.

BUDGET AND PROJECT PERIOD:

- Award Budget: up to \$8,750,000
