UCSF May Submit 1 Application

Internal Deadline: NOON Thursday, November 02, 2023

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

WHAT: HRSA Maternal and Child Health – Improving Oral Health Integration

• Demonstration Projects (MCH-IOHI Projects)
  https://www.grants.gov/web/grants/view-opportunity.html?oppId=349423

• National Consortium (MCH-IOHI Consortium)
  https://www.grants.gov/web/grants/view-opportunity.html?oppId=349424

REQUEST FOR APPLICATIONS NUMBER: HRSA-24-039 and HRSA-24-040

Note: UCSF can only select one application for the HRSA-24-039 (MCH-IOHI Projects) or HRSA-24-040 (Consortium). HRSA will not consider applicants that apply for both awards.

PURPOSE:

The program’s purpose is to integrate preventive oral health care into primary care services accessible to MCH populations living in communities underserved by oral health care.

The MCH-IOHI Program consists of two types of projects. This announcement includes application instructions for the two separate project competitions. You may only apply for HRSA-24-039 or HRSA-24-040, but not both awards.

• HRSA-24-039: MCH-IOHI Demonstration Projects (MCH-IOHI Projects) will aim to improve access to integrated preventive oral health care (integrated POHC) in primary care services accessible to MCH populations at increased or higher risk for poor oral health. Funding will support an MCH-IOHI Alliance (Alliance), to include key state stakeholders such as policy, practice, and public health leaders; healthcare providers; healthcare payers; and public health surveillance experts. The successful MCH-IOHI Project applicant will implement a two-tier improvement approach that will address three core functions at the state and local level: 1) Policy and Practice; 2) Outreach and Education; and 3) Data, Analysis, and Evaluation. The sponsor recommends a team effort to coordinate and implement all core function activities

• HRSA-24-040: MCH-IOHI Consortium (Consortium) will (as the principal technical assistance (TA) provider) will accelerate the adoption and implementation of evidence-based integrated POHC strategies that aim to advance health equity. The Consortium will provide targeted TA, using implementation science and collaborative learning, to strengthen an MCH-IOHI Project team’s two-tier, state, and local, improvement approach. The Consortium partners will have expertise and proven knowledge in providing targeted TA using implementation science and collaborative learning that’s responsive to the needs of MCHB’s oral health projects participating in a Consortium-led Learning Collaborative (LC). In addition, the Consortium will provide universal TA easily accessible to all states and jurisdictions (that’s TA received by individuals or organizations through their own initiative or Consortium-led TA outreach).

ELIGIBILITY:
Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with his/her organization to develop an application for support. Individuals from underrepresented racial and ethnic groups as well as individuals with disabilities are always encouraged to apply.

BUDGET AND PROJECT PERIOD:

- **HRSA-24-039, MCH-IOHI Projects**
  Up to $425,000 annually (reflecting direct and indirect costs).

- **HRSA-24-040, the Consortium**
  Up to $1,475,000 annually (reflecting direct and indirect costs).

- The period of performance for the MCH-IOHI Program (HRSA-24-039 and HRSA-24-040) is July 1, 2024, through June 30, 2028 (4 years).

NUMBER OF APPLICATIONS UCSF MAY SUBMIT: 1

- UCSF can only select one application for the HRSA-24-039 (MCH-IOHI Projects) or HRSA-24-040 (Consortium). HRSA will not consider applicants that apply for both awards.

APPLICATION TYPES ALLOWED: New

DUE DATES:

- Internal: NOON, Thursday, November 02, 2023. If multiple groups submit an LOI, an additional pre-application will be due Wednesday, November 15, 2023.
- PIs submit directly to the LSP; RMS does not get involved unless and until you are nominated.
- Sponsor: Monday, January 22, 2024

Submit the attached Letter of Intent (LOI) by NOON, Thursday, November 2nd, to: limitedsubmissions@ucsf.edu

To qualify for UCSF Limited Submissions Program opportunities, applicants must have a paid UCSF appointment either at the time of application or anticipated by the time of award.

The LSP is a selection process, not an award process. As the LSP is under significant time constraints, all reviewer feedback is optional. We encourage you to seek other avenues for proposal feedback.

For information on all current LSOs, please visit: [http://rdo.ucsf.edu/limited-submission-program-lsp](http://rdo.ucsf.edu/limited-submission-program-lsp)

Sent by Connie D’Aura on behalf of the Limited Submissions Program (LSP) within the Research Development Office (RDO).
