WHAT: NEH Climate Smart Humanities Organizations (<https://www.neh.gov/sites/default/files/inline-files/Climate%20Smart%202024%20NOFO%20Final.pdf>)

REQUEST FOR APPLICATIONS NUMBER: 20240912-CLI

PURPOSE:

- The National Endowment for the Humanities (NEH) Office of Challenge Programs is accepting applications for the Climate Smart Humanities Organizations program. This program strengthens the institutional base of the humanities by funding operational assessments and strategic planning efforts to sustain and protect historical, cultural, educational, intellectual, and physical assets from the risks of climate change. Projects will result in a climate action, resilience, or adaptation plan including detailed assessments, measurable actions, and expected outcomes. Proposals must address how strategic planning for climate change will increase the organization's resilience and support its work in the humanities over the long term. Projects are financed through a combination of federal matching funds and gifts raised from third-party, non-federal sources.

ELIGIBILITY:

- Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with their organization to develop an application for support.
- The Climate Smart Humanities Organization program requires successful recipients to certify one dollar of third-party, non-federal gifts for each dollar released by NEH (1:1 ratio).

BUDGET AND PROJECT PERIOD:

- Award Budget: \$300,000 (1:1 cost match required)
 - UCSF indirect cost policy will apply except for non-federal entities.
