UCSF May Submit 1 Application

Internal Deadline: NOON, April 17, 2024

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

REQUEST FOR APPLICATIONS NUMBER: PAR-22-265

PURPOSE:
- The purpose of the Jointly Sponsored Predoctoral Training Program in the Neurosciences (JSPTPN) program is to provide strong, broad-based neuroscience training that will develop a cohort of well-trained researchers at a time when the field is advancing at a rapid pace. Neuroscience research increasingly requires investigators who can cross boundaries, draw on knowledge and interdisciplinary approaches and levels of analysis, and apply this breadth of knowledge in original ways to yield new discoveries about the function of the nervous system.
- The JSPTPN supports programs of broad-based education and research experience during the first two years of graduate training. As such, training programs supported by a JSPTPN training grant must have a comprehensive, two-year training plan. During this training period, students should obtain a working knowledge of the different kinds of approaches and techniques that make up the field of neuroscience. A key component of this training should be acquiring a strong foundation of experimental methodology (e.g. experimental design, quantitative data analysis and interpretation) and a robust development of professional skills (e.g. written and oral communication and data presentation).

ELIGIBILITY:
- Any individual(s) with the skills, knowledge, and resources necessary to carry out the proposed research as the Program Director(s)/Principal Investigator(s) (PD(s)/PI(s)) is invited to work with their organization to develop an application for support.

BUDGET AND PROJECT PERIOD:
- Award Budget: Application budgets are not limited, but need to reflect the actual needs of the proposal project.
  - UCSF indirect cost policy will apply except for non-federal entities.

NUMBER OF APPLICATIONS UCSF MAY SUBMIT: 1

APPLICATION TYPES ALLOWED: New

DUE DATES:
- **Internal**: NOON, April 17, 2024.
- PIs submit directly to the LSP; RMS does not get involved unless and until you are nominated.
- **Sponsor**: Saturday, May 25, 2024
Submit the attached Letter of Intent (LOI) by NOON, April 17, 2024, to: limitedsubmissions@ucsf.edu

To qualify for UCSF Limited Submissions Program opportunities, applicants must have a paid UCSF appointment either at the time of application or anticipated by the time of award.

The LSP is a selection process, not an award process. As the LSP is under significant time constraints, all reviewer feedback is optional. We encourage you to seek other avenues for proposal feedback.

For information on all current LSOs, please visit: http://rdo.ucsf.edu/limited-submission-program-lsp

Sent by Amanda Yu on behalf of the Limited Submissions Program (LSP) within the Research Development Office (RDO).
