

UCSF May Submit 1 Application to RP Track
There is no institutional limit for the Technology Translation Track

Internal Deadline: 11:59 PM, Monday, August 08, 2022

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

WHAT: NSF Partnerships for Innovation - Technology Translation/Research Partnerships (PFI-TT/RP) (<https://www.nsf.gov/pubs/2019/nsf19506/nsf19506.htm>)

REQUEST FOR APPLICATIONS NUMBER: NSF 19-506

PURPOSE:

- To perform translational research and technology development, catalyze partnerships and accelerate the transition of discoveries from the laboratory to the marketplace for societal benefit.
- To support complex, multi-faceted technology development projects that are typically beyond the scope of a single researcher or institution and require a multi-organizational, interdisciplinary, synergistic collaboration.
- The intended outcomes of both PFI-TT and PFI-RP tracks are: a) the commercialization of new intellectual property derived from NSF-funded research outputs; b) the creation of new or broader collaborations with industry (including increased corporate sponsored research); c) the licensing of NSF-funded research outputs to third party corporations or to start-up companies funded by a PFI team; and d) the training of future innovation and entrepreneurship leaders.

ELIGIBILITY:

- PFI-RP proposals must include, without exception, a co-PI who is a member or employee of the required Industrial Partner organization.
- **NSF Lineage Requirement:** All proposals submitted to the PFI program must meet a lineage requirement under one of the following two paths:
 - NSF-supported research results
 - NSF-supported customer discovery results through the NSF I-Corps Teams Program
- A PI or co-PI may submit up to two (2) proposals to each solicitation deadline. These could be two (2) proposals to PFI-TT or one (1) proposal each to PFI-TT and PFI-RP.

- Award Budget: up to \$550,000 total costs
 - UCSF indirect cost policy will apply except for non-federal entities.
- Project Period: up to 36 months
