1 UCSF Slot Remaining

Internal Deadline: 11:59 PM, Sunday, September 9th, 2018

PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS

WHAT: Greenwall Faculty Scholars Program (http://www.greenwall.org/fsp-current-request-for-proposals.php)

PURPOSE:
• The Faculty Scholars Program is a career development program that enables junior faculty members to carry out innovative bioethics research.
• To support research that goes beyond current work in bioethics to help resolve pressing ethical issues in clinical care, biomedical research, and public policy

ELIGIBILITY:
• Applicants must hold a junior faculty appointment that allows at least 50 percent of their effort to perform research
  o Priority will be given to applicants who have not yet been considered for tenure, who have not received a comparable career development award, and whose work will have an impact on public policy, biomedical research, or clinical practice.
  o While the amount and quality of an applicant’s research in bioethics will count favorably towards his/her application, outstanding candidates with less direct experience in bioethics will also be considered when their proposed work aims to advance the bioethics field
  o Priority will be given to applicants whose research addresses innovative ideas and/or emerging topics. Lower priority will be given to applicants who are primarily carrying out educational reform or theoretical work with limited applicability to practice, research, or health care delivery.
• While being tenure track is not a requirement, Greenwall will require a strong letter of institutional support from the Dean and Department chair at the full application stage, stating that a continued faculty appointment is anticipated after the Faculty Scholars award closes and that there is an institutional financial commitment to do so. A candidate will not be eligible whose continued faculty appointment is contingent on raising his or her entire salary from extramural support, with no back-up contingency. While we are not requiring this letter for the LSP internal competition, please consider if you can acquire a letter indicating such commitment at the time of application.

BUDGET AND PROJECT PERIOD:
• Award Budget: supports 50% of a Scholar’s salary plus benefits for three years, up to the NIH cap, with 10% institutional costs for the salary and benefits.
  o An additional $5000 provided each year for limited project support and travel (no indirect costs are provided for these items).
• Project Period: 3 years

NUMBER OF APPLICATIONS UCSF MAY SUBMIT: 2
DUE DATES:

- **Internal:** **11:59 PM,** Sunday, September 9th, 2018
- Please note PIs may submit directly to the LSP; RMS does not get involved unless and until you are nominated
- **Sponsor LOI:** Monday, October 1st, 2018

Submit the following in ONE PDF file by **11:59 PM,** September 9th, 2018, to: limitedsubmissions@ucsf.edu

1. Limited Submission Pre-proposal Cover Sheet with signatures (form attached to email)
2. Project Summary: three-page, single-spaced letter of intent, with one-inch margins and font size no smaller than 12 point, that includes:
   a. A description of the research proposal, particularly its significance
   b. How the research will be carried out and how it is likely to have an impact on public policy, clinical practice, or biomedical research
   c. A personal statement describing the applicant’s goals in the field of bioethics
3. NIH Bio-sketch (5-pg. max., including publications) (http://grants.nih.gov/grants/forms/biosketch-blankformat-Forms-D.docx)

The LSP is a selection process, **not an award process.** As the LSP is under significant time constraints, all reviewer feedback is optional. We encourage you to seek other avenues for proposal feedback.
