

## UCSF May Submit 2 Applications, 1 per Program

Internal Deadline: 11:59 PM, Sunday, October 28<sup>th</sup>, 2018

**PLEASE FORWARD THIS ANNOUNCEMENT TO ALL APPROPRIATE FACULTY AND RESEARCH ADMINISTRATORS**

**Recording of UCSF Keck Foundation Research Program Information Session:**

<http://lecture.ucsf.edu/ets/Play/d95abdb1443649d09a19bd87be1bca221d>

### WHAT:

- The W.M. Keck Foundation Medical Research Program
- The W.M. Keck Foundation Science & Engineering Program
- (<http://www.wmkeck.org/grant-programs/research>)

**Note:** You will identify the program for which you believe your project is most appropriate. Science & Engineering applications should prioritize technological impact in engineering/science fields rather than advancing medical research.

### PURPOSE:

- To advance the frontiers of medicine, science, and engineering to benefit humanity by supporting pioneering high-risk/high-impact research projects

### ELIGIBILITY:

- Senior or early career investigators performing basic (not clinical) research
- Projects must be distinctive, novel, pushing the edge of the field or questioning the prevailing paradigm
- Support is for pioneering biological, science, and engineering research and the development of breakthrough technologies, methodologies, and/or instrumentation
- Projects should fall **outside** the mission of public funding agencies, demonstrating that private philanthropy, generally, and the W.M. Keck Foundation, in particular, is essential to the project's success

*Keck is looking for high-risk, novel, unique projects that have potentially transformative, large, broad impact across many fields. Proposals should not be disease-specific, and should not be federally fundable (unless possibly by a Pioneer or similar award).*

### BUDGET AND PROJECT PERIOD REQUIREMENTS:

- Budget: \$1m
  - Not allowed: indirect costs, tuition, PI support exceeding 10% annual salary or renovation costs exceeding 10% of total request
- Project period: typically 3 years, though 2 is acceptable
  - Rationale must be provided if 4 years are requested.

**NUMBER OF APPLICATIONS UCSF MAY SUBMIT:** 1 per Program

## QUESTIONS:

- Regarding the W.M. Keck Foundation: Melanie Derynck, Senior Director, Corporate & Foundation Relations, 415.476.6253 or [Melanie.Derynck@ucsf.edu](mailto:Melanie.Derynck@ucsf.edu)
- Regarding the internal review process: Lisa Howard, LSP Program Coordinator, 415.502.1662 or [lisa.howard@ucsf.edu](mailto:lisa.howard@ucsf.edu)

## DUE DATES:

- **October 28<sup>th</sup>, 2018 (11:59 PM): Internal deadline**
  - Please note PIs may submit directly to the LSP; RMS does not get involved unless and until you are nominated
- November 28<sup>th</sup>, 2018: PI notified of internal first-round selection, potential candidacy
- December 14<sup>th</sup>, 2018: Deadline for revised pre-proposal for first round nominees
  
- February 2019: PI notified of selection to submit full Phase 1 application
- April 2019: Check with your department's RMS team for date by which they need application before foundation submission
- April 26<sup>th</sup>, 2019: Drafts due to Melanie Derynck
- May 1, 2019: Keck Foundation Phase I application deadline
- July 15, 2020: Keck Foundation invitations issued for Phase II proposals
- August 15, 2020: Keck Foundation Phase II proposal due, if invited
- Sept/Oct 2020: Proposal presentation to Keck officers (if Phase II invited)
- December 2020: Awards announced

Submit the following in ONE PDF file by **11:59 PM, Sunday, October 28<sup>th</sup>, 2018**

to: [limitedsubmissions@ucsf.edu](mailto:limitedsubmissions@ucsf.edu)

1. Limited Submission Pre-proposal Cover Sheet with signatures (form attached to email)
2. NIH Bio-sketch (5-pg. max., including publications)  
(<http://grants.nih.gov/grants/forms/biosketch-blankformat-Forms-D.docx>)
3. 1-page maximum concept paper\* providing the following:
  - Overview of the research proposed emphasizing any unique aspects and pilot studies
  - Brief description of the key personnel and methodologies
  - Brief justification of the need for *Keck support specifically* (as opposed to federal funding)
  - Estimated budget broken down, if possible, by major areas, e.g., personnel, equipment, consumable supplies, etc. (Budgets can be brief, rough approximations at this stage.)
  - Other germane details (e.g., background to put the research into perspective, description of the institution's prominence in the field, etc.), space allowing

**\*Concept paper requirements, no exceptions:**

  - 12-pt font and 1-inch margins, 1 page maximum.
  - Avoid illustrations; use all available space for text
  - If a reference is necessary, abbreviate it as, e.g.: (*Science*, 323, 45, '11)

*The LSP is a selection process, not an award process. As the LSP is under significant time constraints, all reviewer feedback is optional. We encourage you to seek other avenues for proposal feedback.*

For information on all current LSOs, please visit: <http://rdo.ucsf.edu/limited-submission-program-lsp>
