

Table 8
Program Outcomes

Rationale

For new applications, this table provides information on the effectiveness of the proposed training program.

For renewal applications, this table provides information about the use of training positions (e.g., distribution by faculty member, year in program, years of support per trainee). The data also permit an evaluation of the effectiveness of the supported training program in achieving the training objectives of the prior award period(s) for up to 15 years.

Table 8 is divided into three parts: Predoctoral, Short-Term, and Postdoctoral.

Sample Table 8A. Program Outcomes: Predoctoral

Part I. Those Appointed to the Training Grant

Trainee	Faculty Member	Start Date	Summary of Support During Training	Terminal Degree(s) Received and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/ Role/Year Awarded
Cox, Charles C.	Doe, John Smith, Jerry	09/1998	TY 1: HL T32 TY 2: HL T32 TY 3: HL F30 TY 4: HL F30 TY 5: HL F30 TY 6: Fdn RA	M.D./Ph.D., 2003	The role of Notch in blood vessel maturation	Resident Internal Medicine Emory University Academia Further Training	Assistant Professor Hematology Rutgers University Academia Research-Related	HL K23/PI/2011 HL P01/Co-I/2014
Johnson, Gina R.	Doe, John	09/1998	TY 1: NSF F TY 2: NSF F TY 3: NSF F TY 4: HL T32 TY 5: HL T32 TY 6: GM R01	Ph.D. 2003	Interactions between circadian rhythms, sleep & metabolism	Postdoctoral Fellow Molecular Biology UC San Francisco Academia Further Training	Research Associate Molecular Biology UC San Francisco Academia Primarily Research	HL F32/PI/2005 GM R01/Staff Scientist/2011
Phelps, Ryan	Vasquez, Richard	09/1999	TY 1: HL T32 TY 2: HL T32	M.S. 2001	Viral infections	Laboratory Technician Parke-Davis For-profit Primarily Research	Laboratory Manager Pfizer For-profit Primarily Research	

Part II. Those Clearly Associated with the Training Grant

Trainee	Faculty Member	Start Date	Summary of Support During Training	Terminal Degree(s) Received and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/ Role/Year Awarded
Robinson, Brian	Smith, Jerry	09/2010	TY 1: Univ S TY 2: CA R01 TY 3: CA R01 TY 4: Fdn F	In Training	Reconstitution of Tumor suppressor function			
O'Leary, Ann L.	Coates, Robert	09/2008	TY 1: GM T32 TY 2: GM T32 TY 3: CA T32 TY 4: CA F31 TY 5: CA F31	Ph.D. 2013	Genetic Cancer Biomarkers	Postdoctoral Fellow Molecular Biology UCLA Academia Further Training		

Part III. Recent Graduates (Only for New Applications and for Postdoctoral Renewal/Revision Applications Requesting an Expansion for Predoctoral support)

Trainee	Faculty Member	Start Date	Summary of Support During Training	Terminal Degree(s) Received and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/ Role/Year Awarded
Moore, Thomas P.	Trimmer, Sean R.	09/2007		Ph.D. 2013	Src Kinase and Breast Cancer	Postdoctoral Fellow Medicine Boston University Academia Further Training		
Rosenthal, Julia R.	Coates, Robert	09/2009		Ph.D. 2014	Modulation of host cellular responses	Medical Student Medicine Northwestern University Academia Further Training		

Part IV. Program Statistics

Percentage of Trainees Entering Graduate School 10 Years Ago Who Completed the PhD	Average Time to PhD for Trainees in the Last 10 Years
50.2%	6.5 years

Sample Table 8B. Program Outcomes: Short-Term

Trainee	Category of Trainee	Faculty Members	Start Date	Topic of Research Project	Subsequent Training or Related Award/Role/Year
Lin, Mari G.	Medical Student	Doe, John; Smith, Jerry	07/1998	PAI 1 and cardiac fibrosis	NS R25/Participant/2003 HL K23/PI/2006
Holmes, Will M.	Medical Student	Doe, John	07/1999	Study of Nonaccidental Brain Trauma	HD K12/Scholar/2005

Sample Table 8C. Program Outcomes: Postdoctoral

Part I. Those Appointed to the Training Grant

Trainee	Doctoral Degree(s) and Year(s)	Faculty Member	Start Date	Summary of Support During Training	Degree(s) Resulting from Postdoctoral Training and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/Role/Year Awarded
Sanchez, Gregory B.	PhD 2007	Brown, James	07/2007	TY 1: HL T32 TY 2: HL T32 TY 3: CA R01 TY 4: CA R01	None	Uterine cancer and developmental biology	Staff Scientist Radiology MGH Academia Primarily Research	Assistant Professor Radiology University of Arizona Academia Primarily Research	CA K99/PI/2011 CA R00/PI/2013
Cox, Jennifer H.	MD 2003 PhD 2003	Doe, John	08/2008	TY 1: HL T32 TY 2: HL T32	MPH 2009	Molecular and functional dissection of hematopoietic stem cell niche	Instructor Internal Medicine Columbia Academia Primarily Research	Associate Professor Hematology Rutgers Academia Primarily Research	DK K08/PI/2011 DK R01/ Faculty Collaborator/2013

Part II. Those Clearly Associated with the Training Grant

Trainee	Doctoral Degree(s) and Year(s)	Faculty Member	Start Date	Summary of Support During Training	Degree(s) Resulting from Postdoctoral Training and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/Role/Year Awarded
McInnes, Julie	MD 2004	Welte, Duncan	07/2009	TY 1: HD K12 TY 2: HD K12	MPH 2011	Maternal Depression related to hospitalization in a Neonatal Intensive Care Unit	Assistant Professor Pediatrics Yale Academia Primarily Research	Associate Professor Pediatrics Yale Academia Primarily Research	HS R01/PI/2013

Part III. Recent Graduates (Only For New Applications and Predoctoral Renewal/Revision Applications Requesting Postdoctoral Support)

Trainee	Doctoral Degree(s) and Year(s)	Faculty Member	Start Date	Summary of Support During Training	Degree(s) Resulting from Postdoctoral Training and Year(s)	Topic of Research Project	Initial Position	Current Position	Subsequent Grant(s)/Role/Year Awarded
Roosevelt, Albert S.	PhD 2006	McIver, Rosalie	01/2007		None	Estrogen receptors and ovarian cancer	Assistant Professor Biology University of Colorado Academia Primarily Research	Assistant Professor Biology University of Colorado Academia Primarily Research	CA R21/PI/2013
Taylor, Susanna G.	PhD 2005 MD 2007	Welte, Duncan	07/2008		None	New inhibitors for cancer imaging	Staff Scientist Radiology Massachusetts General Hospital Academia Primarily Research	Staff Scientist Radiology Massachusetts General Hospital Academia Primarily Research	NSF/PI/2014

Instructions

3TS does not currently have the ability to generate Table 8. You will need to either create Table 8 manually, or use NIH xTract.

To create Table 8 manually:

Part I. Those Appointed to the Training Grant

In **Part I**, list sequentially, by year of entry into the postdoctoral research training program, all trainees who have been supported by this grant at any time during the last 15 years, including those who did not complete the training program for any reason. If the grant has been active for less than 15 years, list all trainees to date. If there were any individuals appointed to the training grant as both students and postdoctorates, they should be reported on Table 8A only.

For each trainee, provide:

1. **Trainee.** Provide the trainee name in the format Last Name, First Name and Middle Initial.
2. **Doctoral Degree(s) and Year(s).** Provide the trainee's doctoral degree(s) and the year(s) awarded.
3. **Faculty Member.** In the format of Last Name, First Name and Middle Initial., provide up to two primary research training faculty acting as mentors (for trainees, these will be training grant faculty). If not yet selected, indicate "TBD" (to be determined).
4. **Start Date.** Provide the calendar month and year of entry into postdoctoral research program in the format MM/YYYY. The entering year is the first year of postdoctoral research experience, excluding non-research clinical training (for trainees, this date may precede the appointment to the training grant).
5. **Summary of Support During Training.** Provide the primary source and type of support during each twelve-month period of training, using TY1 for Training Year 1, TY2 for Training Year 2, etc. Do not list individual mentored career development awards here; they will be captured under grant support obtained as a PD/PI. For NIH support, list the awarding component and the activity (e.g., CA R01). **Bold** the grant being reported in this application. For other sources and types of support, use the categories below, and report only the primary source and type of support for each training year.

Sources of Support

- NSF
- Other Federal (Other Fed)
- University (Univ)
- Foundation (Fdn)
- Non-US
- Other
- None: Leave of Absence (LOA)

Types of Support

- Research grant (RG)
- Fellowship (F)
- Training Grant (TG)
- Other

6. **Degree(s) resulting from Postdoctoral training and Year(s).** If applicable, provide any degrees resulting from the postdoctoral training and the year awarded. If the training program does not offer degrees, indicate “none.” Trainees currently in the program should be designated “in training.”
7. **Topic of Research Project.** Provide the topic of the research project.
8. **Initial Position and Current Position.** For trainees who have completed or left the program, their initial and current positions, department, and institution, as applicable. If individuals have held only one position, complete only the initial position column. If individuals hold joint appointments/positions, list only the primary position. If information is not available, report “unknown.” For each position, indicate the workforce sector (i.e., academia, government, for-profit, nonprofit, other) and principal activity (i.e., primarily research, primarily teaching, primarily clinical, research-related, further training, unrelated to research). Research-related positions generally require a doctoral degree, and may include activities such as administering research or higher education programs, science policy, or technology transfer.
9. **Subsequent Grant(s)/Role/Year Awarded.** If applicable, subsequent fellowship, career development or research grant support obtained from any source, whether as PD/PI or in another senior role (i.e., co-investigator, faculty collaborator, or staff scientist). For NIH and other HHS support, list the awarding component, activity, role, and year (e.g., GM R01/Staff Scientist/2011). Up to five grants may be listed.

Part II. Those Clearly Associated with the Training Grant

In Part II, if applicable, the initial time this section is completed for a Research Performance Progress Report (RPPR), list any **current** postdoctorates clearly associated with the training grant who have been supported by NIH funds other than this training grant, and provide the information described in Part I, items 1-9, above, for each. “Clearly associated” postdoctorates are those with a training experience similar to those appointed to this training grant, but who are supported by other forms of NIH or HHS funding (e.g., fellowships or research grants). If applicable, for subsequent RPPRs and renewal applications, provide updated information on clearly associated postdoctorates, reflecting new entrants and other changes over the reporting period. In each subsequent year, continue to add new entrants and provide updated information about current and past clearly associated postdoctorates until 15 years of data have been completed; do not include data older than 15 years. Note that, for some postdoctoral programs, Part II may not be applicable.

Part III. Recent Graduates

In **Part III (only for new applications and predoctoral renewal/revision applications requesting an expansion to postdoctoral support)**, list sequentially all postdoctorates **completing** a training experience in a field or program similar to the proposed program in the last five years who would have been eligible for the proposed program, if an NIH training or related award were available (in most cases, these will be U.S. citizens or permanent residents). For each postdoctorate, provide the information described in Part I, items 1-4 and 6-9, above.

Summarize the data from Parts I-III (as applicable) in the Research Training Program Plan, either in the Program Plan Section or the Progress Report Section, as appropriate.

For Research Performance Progress Reports (RPPRs) and renewal applications, provide updated trainee information in Part I, reflecting new appointments and other changes over the reporting period. Do not include data that are older than 15 years. In Part II, if applicable, provide updated information on clearly associated postdoctorates, reflecting new entrants and other changes over the reporting period. In each subsequent year, continue to add new entrants and provide updated information about current and past postdoctorates until 15 years of data have been completed; do not include data older than 15 years. For the RPPR, summarize these data in the Accomplishments Section, in responding to the question, “What opportunities for training and professional development has the project provided?”

To generate Table 8 using NIH xTract:

1. In ERA Commons, navigate to the “Training Grants” tab of the “xTRACT” tab. Use the “PD/PI Last Name” box to search for your grant.

The screenshot shows the eRA xTRACT interface for searching training grants. The header includes the eRA logo and navigation links. The main content area is titled "Search for Training Grants to work on or view Research Training Datasets (RTDs)". Below the title, there are several search criteria: "Grant Number", "Type", "Activity Code" (with a dropdown menu showing "T32"), "IC Code", "Serial Number", "Support Year", and "Suffix". A "PD/PI Last Name" search box contains the text "Miller".

2. Click “Continue for RPPR” or “Prepare for RPPR” for the relevant training grant year.

The screenshot shows the search results page. At the top, there is a search bar with a "Search Training Grants" button and a "Clear" button. Below the search bar, it says "Showing 1 - 2 of total 2". A table displays two search results with columns for Grant Number, Grant Status, PI Name, Project Title, and RTD Status. The first result is "Awarded" and the second is "Pending". Action buttons like "Continue for RPPR" and "Prepare for RPPR" are visible in the "Action" column.

Grant Number	Grant Status	PI Name	Project Title	RTD Status	Action
5T32AG023481-15	Awarded	Miller, Bruce L. (Contact) Rosen, Howard J.	Multidisciplinary Fellowship in Alzheimer's Disease and Related Dementias	In Progress (RPPR) Not Started (Revision) Not Started (Renewal)	Continue for RPPR Prepare for Revision Prepare for Renewal
5T32AG023481-17	Pending	Rosen, Howard J. (Contact) Miller, Bruce L.	Multidisciplinary Research Fellowship in Alzheimer's disease and Related Dementias	Not Started (RPPR)	Prepare for RPPR

3. Click "Preview PDF" to download a PDF of Table 8 with a removable "In Progress" watermark.

The screenshot shows the eRA xTRACT interface. At the top, the logo for Electronic Research Administration (eRA) is displayed, along with the text "Electronic Research Administration" and "A program of the National Institutes of Health". Below the logo is a navigation menu with links: Home, Admin, Institution Profile, Personal Profile, Status, RPPR, xTrain, xTRACT, Admin Supp, and eRA Partners. Underneath, there are sub-navigation tabs: TRACT Info, New Applications, Training Grants (selected), Persons, and Institution Data.

The main content area is titled "Prepare Research Training Dataset (RTD) for Research Performance Progress Report (RPPR)". It contains a table with the following information:

RTD	5T32AG023481-15 Multidisciplinary Fellowship in Alzheimer's Disease and Related Dementias
PD/PI	Miller, Bruce L (Contact)
RTD Reporting Period	05/01/2006 - 04/30/2021

On the left side, there is a sidebar with the following options: Training Grants, RTD (with a dropdown arrow), Basic Information, Participating Trainees, Preview PDF, and Finalize RTD. At the bottom right of the main content area, there is a link: "Back to Training Grant Search Results".

At the bottom of the page, there is a footer that reads: "Screen Rendered: 08/04/2020 06:50:54 EDT |".

Check that the information is complete and accurate.
